DERMPEELS

Professional Chemical Peels

Cell Renewal **Peel**

This treatment combines two alpha hydroxy acids with different molecular weights to promote multi-layer cellular renewal. Low-molecular-weight Glycolic Acid (10%) penetrates deeply for effective exfoliation, while Mandelic Acid (5%) works on the skin's surface, offering gentle exfoliating and antibacterial properties.

Together, these acids provide a total concentration of 15%, **promoting accelerated cell renewal, improving skin smoothness, refining pores and restoring radiance.**

MAIN INGREDIENTS: Aqua, Glycolic Acid, Glycerin, Mandelic Acid, Polisorbate-20, Propylene Glycol, Linoleic Acid, Linolenic Acid, Phenoxyethanol, Ethylhexylglycerin.

ACTIVE INGREDIENTS

10% Glycolic Acid	+	**5%** Mandelic Acid	=	**15%** Total acids

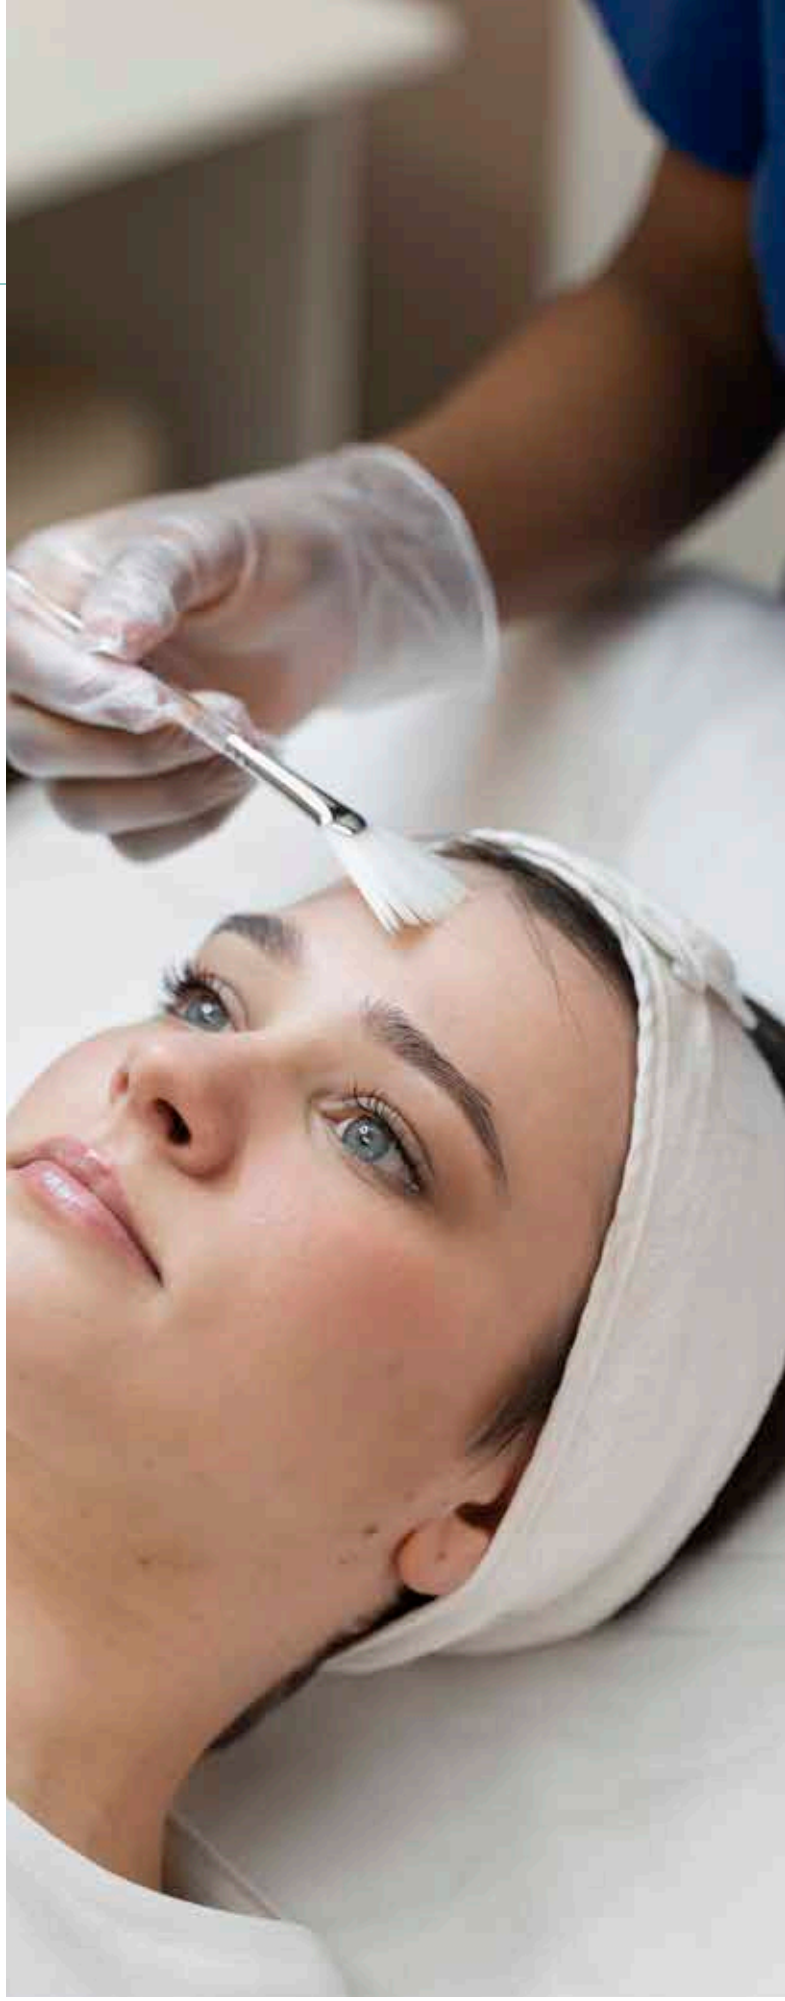
Anti-Spot **Peel**

With a 25.7% concentration of active acids, t**his peel targets hyperpigmentation through multiple mechanisms.** Tranexamic Acid (5%) and Arbutin (2%) work synergistically to inhibit melanin transfer to keratinocytes. The alpha hydroxy acids Malic Acid (10%) and Glycolic Acid (5%) help remove pigmented skin cells, while Kojic Acid (0.7%) inhibits tyrosinase activity. **The result is targeted exfoliation of dark spots and a more even skin tone.**

MAIN INGREDIENTS: Aqua, Alcohol Denat., Malic Acid, Glycerin, Glycolic Acid, Tranexamic Acid, Phytic Acid, Polisorbate-20, Arbutin, Propylene Glycol, Linoleic Acid, Linolenic Acid, Kojic Acid, Phenoxyethanol, Ethylhexylglycerin.

ACTIVE INGREDIENTS

10% Malic Acid	+	**5%** Tranexamic Acid	+	**5%** Glycolic Acid	+	**5%** Phytic Acid	+	**0.7%** Kojic Acid	+	**2%** Arbutin	=	**25.7%** Total acids



NATURAL ORIGIN: Product formulated with ingredients of natural origin. Vegan.

DERMPEELS

Professional Chemical Peels

Anti-Acne **Peel**

Formulated with a total concentration of 17% active ingredients, **this peel combines complementary mechanisms of action to treat acne-prone skin.**

Its effectiveness relies on the keratolytic and sebum-regulating action of Salicylic Acid (2%), combined with the antibacterial and anti-inflammatory properties of Azelaic Acid (5%). Lactic Acid (10%) completes the formula, providing superficial exfoliation to refine skin texture and promote cell renewal, helping visibly reduce comedones, active breakouts and enlarged pores.

MAIN INGREDIENTS: Alcohol Denat., Aqua, Lactic Acid, Glycerin, Azelaic Acid, Polisorbate-20, Salicylic Acid, Propylene Glycol, Linoleic Acid, Linolenic Acid, Phenoxyethanol, Ethylhexylglycerin.

ACTIVE INGREDIENTS

5% Azelaic Acid + 10% Lactic Acid + 2% Salicylic Acid = 17% Total acids

Anti-Wrinkle **Peel**

This high-concentration treatment (24% acids) is designed **to target the signs of photoageing through deep exfoliation and powerful antioxidant action.**

Glycolic Acid (10%) promotes effective epidermal renewal, while the combination of Phytic Acid (10%) and Citric Acid (3%) enhances radiance. The formula is complemented by Ferulic Acid (1%) to help stabilise and protect, and Hyaluronic Acid (1.5%) to provide intensive hydration, visibly improving skin tone, density and elasticity.

MAIN INGREDIENTS: Aqua, Alcohol Denat., Glycolic Acid, Phytic Acid, Glycerin, Polisorbate-20, Citric Acid, Hyaluronic Acid, Ferulic Acid, Propylene Glycol, Linoleic Acid, Linolenic Acid, Phenoxyethanol, Ethylhexylglycerin.

ACTIVE INGREDIENTS

10% Glycolic Acid + 10% Phytic Acid + 3% Citric Acid + 1% Ferulic Acid = 24% Total acids + 1.5% Hyaluronic Acid

Hydrating **Peel**

Formulated with 15% Lactic Acid, **this peel provides gentle exfoliation to help maintain the skin barrier and improve skin texture**. It helps remove dead skin cells while supporting the skin's natural hydration mechanisms. Hyaluronic Acid (1.5%) complements the formula by attracting and retaining moisture, **leaving skin feeling softer, smoother and more supple, with a visibly hydrated appearance.**

MAIN INGREDIENTS: Aqua, Lactic Acid, Glycerin, Polisorbate - 20, Hyaluronic Acid, Linoleic Acid, Linolenic Acid, Propylene Glycol, Phenoxyethanol, Ethylhexylglycerin.

ACTIVE INGREDIENTS

15% Lactic Acid + 1.5% Hyaluronic Acid

Sensitive Skin & Blemish **Peel**

Developed for reactive skin or skin prone to redness, this balanced peel contains 15% acids selected for their good skin tolerance. Mandelic Acid (5%), with its higher molecular weight, provides even superficial exfoliation and antibacterial action. Azelaic Acid (5%) helps soothe redness and normalise keratinisation, while Citric Acid (5%) provides antioxidant benefits.

This combination promotes effective skin renewal while minimising the risk of irritation, visibly improving skin texture and tone.

MAIN INGREDIENTS: Aqua, Alcohol Denat., Glycerin, Azelaic Acid, Mandelic Acid, Citric Acid, Polisorbate-20, Propylene Glycol, Linoleic Acid, Linolenic Acid, Phenoxyethanol, Ethylhexylglycerin.

ACTIVE INGREDIENTS

5% Azelaic Acid + 5% Citric Acid + 5% Mandelic Acid = 15% Total acids
