MOSQUITO REPELLENT

Skin-Safe Insect Protection

Lemongrass, Geranium, Wild Mint, Tea Tree and Lemon Eucalyptus are some of the most effective plant-based repellents available on the market. With a pleasant scent and feel, it offers effcient protection against insects such as mosquitoes, biting flies and deer ticks, without the use of synthetic ingredients such as ACTIVE DEET.

BSR is a novel twist on your everyday insect repellent, where we use skin-healing botanicals that will **ward of insects but keep you and your family safe without introducing harmful chemicals into your system.**

Our plant extracts are safe for sensitive skin, as we use C02 extraction with steam distillation to retrieve precious botanicals, maintaining freshness and efficacy, whilst diminishing irritancy that essential oils usually carry.

WAY TO USE:
