Our Best Skin Care, Your Own Brand

Creams, Serums, Lotions, Capsulettes, Tissue Masks,
Peel-Off Algae Masks, SPF Line

from 1 flexible unit 100% system

STOCK LINE is specially developed for those customers that need to have their own brand with little investment and, equally important, least amount of worries.

From just 1u purchase customers can apply their logo to a list of “ready-to-go” stocked products provided with high quality packaging and a sleek label design.

It is ideal for beauty salons, ecological shops, dermatological clinics, pharmacies, gyms or online stores.

The products that make up the STOCK LINE catalog are manufactured by Laboratorio Español de Investigación Cosmetológica following the European regulations for the manufacture of cosmetic products under the exclusive SAFE 22716 protocol.

The experience of three generations in the manufacture of cosmetic products, the sophisticated R&D, the meticulous quality control and the presence of our products in more than 40 countries have been awarded by the European Center for Innovative Companies and the Valencian Institute of Business Competitiveness with the awards for Best Business Project 2014, Best Trajectory in 2015, as well as the Aedeipi Gold Medal 2017. From Health Beauty & Wellness magazine, it received the awards for the Best Cosmetic Manufacturer Specialist in R&D 2020 and the Best Cosmetic Company Specialist in Private Label Manufacturing 2021. The Chamber of Commerce, Industry and Navigation of Alicante awarded the prize for the Best Business Reinvention in 2021 and the Chamber of Commerce of Alcoy for Best Internationalization in 2022. Likewise, Laboratorio Español received the Prestige Awards for the Best Natural Product 2021/2022.

Whether large or small, whether a traditional company or a startup, **our goal is to be able to supply our customers with branded products exactly as they need them, at the best quality and price.**

We offer from developments adapted to each client to a large selection of products in stock formulated by our R+D staff and dermatologically tested that we can supply both in bulk and as a finished product, either with packaging provided by the client or selected from our packaging catalog that includes hundreds of references from the most renowned manufacturers in Europe, Asia and the USA.

EYES and LIPS line

EYE REPAIR CREAM with Phytoplacenta

Vol: 15 ml · Price: €5.65

Each of its components helps to enhance the vital processes of the cells in a synergistic way, **stimulating the activation of the cellular metabolism and restoring the energy** for an optimal activity of the fibroblasts.

Its high content of vitamin F allows **the cells of the epidermis to recover all their osmotic tension at the level of the superficial layers of the skin. It is essential for the formation of the lipid barrier of the epidermis.**

The fatty acids that make it up are the precursors of the molecules that increase the resistance of the skin against external aggressions.

As a result of the stimulation of cell vitality, szzuffocated, fragile and dull-toned skin is revitalized and invigorated, and epidermal cell regeneration is accelerated for much fresher and more radiant skin.

MAIN INGREDIENTS: Glycine Soja Phytoplacenta Extract, Glycoproteins, Avena Sativa Kernel Extract, Plankton Extract, Glutamic Acid, Valine, Threonine, Linoleic Acid, Linolenic Acid.

QUESTIONS AND ANSWERS

GENERAL

Is € 3,000 MOQ intended to be for a single product or can several be included? The implementation order must be for a minimum of € 3,000 regardless of the number of references or the units.

Does the price include container and filling? Yes.

What is the delivery term? 3-4 weeks from receipt of label or logo designs and advance payment.

Is transportation included? It is not included.

What is the shelf life of the products? 36 months for unopened product; 6 months from product opening.

LABELLING

Is the label customized only with our logo or can we use our own design? You have two options:

A) You can send us your own design based on the label size and the legal texts we will provide.

B) We can adapt your logo to an elegant design template.

Does the label background have to be white? No, the client can decide the design even including a photograph. Our labels are digitally printed in full color.

Can I send my own labels? Yes, we will send the template as an example for your design. You can send ready-printed labels but no variation in the price of the product can be expected for that reason.

Can I change the name of the product? Yes.

Can you help me with the design of my label? We can only send a sample label and all the information you need to include. The client who decides to contribute their designs should contact a professional designer to help them with the graphic aspect.

Does the name of Laboratorio Español have to appear on the label? It is not necessary. The name of the client's company may appear on the label, in which case their address must also appear.

How should a product be labelled? The jar and/or outer case must be labelled with the following information:

A) Name or business name of the company that places the product on the market.

B) Content by weight or volume.

C) Date until which the product can be used once opened (Logo PAO - Period After Opening).

D) Mode of use and precautions if any.

E) Batch number.

F) Purpose of the cosmetic product.

G) ECOEMBES logo.

H) List of ingredients INCI (International Nomenclature of Cosmetic Ingredients). This data is unchangeable. It must be exact to the one provided, without changing the order or translating the ingredients.

In what format do I have to send the logo or complete design? Vectorized, in Illustrator or PDF.

Can I put the texts in another language? If they fit on the label, there is no problem.

REGULATIONS

What is the CPNP? It stands for Cosmetic Product Notification Portal. It is known as the "European portal". It is the portal where the products that are put up for sale in the European market are registered. All products that we sell in Europe must be registered with the CPNP.

Should I personally upload the product to the CPNP? No, we take care of notifying the placing on the market of the product with its new name and logo. The cost is € 75 per reference to be paid on the first order.

Is a registration in the CPNP necessary for each product or can I upload an entire line of products? Each reference must have its own registration in the CPNP.

What is a security dossier? A series of studies that guarantee that it is safe to launch a product on the market. Every product that goes on sale must necessarily have a safety dossier.

What is a security dossier (PIF)? It is a report that contains:

A) Quantitative and qualitative formula of the product.

B) Microbiological and physical-chemical analysis.

C) Compatibility of the product with the container.

D) Product stability.

E) Labelling.

F) Technical and safety data sheets for each of the product's ingredients.

G) Food compatibility of the container.

H) Technical characteristics of the container.

I) Cosmetovigilance.

J) Patch Test: Sensitivity of the product on the skin (optional).

K) Challenge Test: It measures the effectiveness of the preservative in the product.

L) Het Cam: Measures the sensitivity of the product around the eyes and the irritability of babies' skin (Optional).

Do all stock line products have a safety dossier? Yes

STOCK LINE is specially developed for customers who need to have their own brand with little investment and, equally important, minimal hassle.

With a minimum purchase of just one unit, customers can apply **their logo to a list of “ready-to-use” stock products featuring high-quality packaging and an elegant label design.** And of course, we can print the customer's design.

It is ideal for beauty salons, eco-friendly stores, dermatology clinics, pharmacies, gyms, or online stores.
