

CAPSULETTES

Focused Regenerative Multi-Actives

Highly effective line of ready-to-use single-dose vegetable capsules with different functionalities and benefits depending on the active ingredients inside.

Capsulettes have a serum texture that helps hydration by providing a silky effect on the skin.

Capsulette Lifting

Advanced dermocosmetic facial capsules designed to visibly smooth expression lines and restore skin firmness. Formulated with **10% Argireline®**, recognized as **the safest topical alternative to botulinum toxin**, these capsules act specifically on dynamic wrinkles caused by repeated facial expressions, helping to relax them and prevent them from deepening.

Their light and silky texture melts immediately into the skin, leaving a soft and pleasant finish. Each capsule contains the exact dose for effective application, ensuring **maximum freshness and stability of the active ingredient** with each use.

KEY BENEFITS:

Smooths expression lines (topical "Botox-like" effect).

Improves skin elasticity and firmness.

Provides luminosity and a more rested appearance.

Individual doses to maintain the purity and efficacy of the active ingredient.

Perfect for young skin seeking prevention and mature skin seeking correction.

Brightening effect and wrinkle reduction (28 days):

62.8% reduction in wrinkle area.

Visibly firmer, smoother, and more even skin.

Improved appearance of lines around the eyes, forehead, and corners of the mouth.

These capsules are ideal for those seeking a **preventive and corrective anti-aging treatment** without resorting to invasive procedures, offering an effective way to keep skin looking young, relaxed, and radiant.
